

CUSP *A display font system from Typeco*

CUSP EIGHTEEN FONTS

Square | Bevel | Loose | Loose 3-D | De Stijl | Half Round | Rounder | Rounder Oblique 3-D | Globular | Dots

Cusp is a display font that was initially inspired by austere Art Deco lettering. After the capitals were refined, then the lowercase was designed with a bit of techno flair. From these basic letterforms a variety of styles were created, ranging from the rigid *DeStijl* to the whimsical *Loose*.

Cusp is a super-kawaii display family of 16 fonts plus 2 fill fonts used for overlay effects.

ABOVE 3 FONTS OVERLAYED

Cusp is a versatile display font system that allows the user to mix, match, and overlay the letters for a dynamic effect. Two Fill fonts were designed specifically so that one can create graffiti-like multi-layered effects.

But you don't have to limit yourself to the Fill fonts—you could offset Dots over Globular, or De Stijl over Square—your imagination is the limit.
