GOTHIC GOTHIC THREE FONTS

Text | Regular | Black

Gothic Gothic is a fusion of old and new that is both Gothic and Gothic. In typography Gothic can refer to German Blackletter or Old English styles. Gothic can also mean block or sans serif style lettering. By combining and balancing the elements from both of these ideas we have created a contemporary extended block letter typeface.

Gothic Gothic Text is a more minimal variation that has a more roman looking style while still retaining a little of the Blackletter feel.
