P22 YULE

Yule is a display font family inspired by ancient inscriptional writing, from a time long forgotten. With visual references to Anglo-Saxon, Celtic, medieval, Germanic and even a bit of ancient Greek incorporated into the Roman letter forms, Yule is purposely vague to give a foreign yet familiar feel.

The letters in the font were grouped with the more traditional Roman letters as the miniscules and the more unusual letterforms as the capitals.

Yule is a set of three fonts, with regular, heavy and inline versions.
